

# HearPlus 333cl

vibrating amplified alarm clock

-  loud, ascending wake up alarm
-  adjustable tone
-  easy to set and check

With many ways to wake you up, HearPlus 333cl is the perfect alarm clock for anyone with reduced hearing. Combines very loud alert signal with vibrating pillow shaker and flashing lamp. The large time set dial and alarm indicator make it extremely easy to set and check both alarm time and on/off status. Can also be used as a ringer amplifier for your phone.
