

# HearPlus 55v

## pillow shaker alert

-  powerful vibrating signal
-  place under pillow
-  feel more secure

This pillow shaker is a great accessory for people with impaired hearing. When used with a compatible device, HearPlus 55v provides a powerful vibrating signal for times when audio or visual signals are not enough.

Just connect it to your HearPlus317ci telephone, for example, and place it under your pillow so you can go to sleep without worrying about missing an important call.

Colour: white
